

## **Rendall X**

Installing the application on iOS.  
Authorization and registration in Rendall

## Installing Rendall on iOS

Open “App Store”, go to the search tab and type “Rendall X”. Click on “Rendall X” in the search results.

After clicking on “Rendall X” in the search results you’ll see the application card of Rendall X. To install it on your iPhone, click “Get”. When the installation will be completed, click “Open”.

“Rendall X” icon will also appear on your Home screen.

## Authorization and registration in Rendall

After launching Rendall, you will be taken to the login screen for your account. If you already have a login / password, enter it in the appropriate fields and press "Enter".

If you want to change the server address, click on the arrow icon in the upper left corner of the screen.

If you do not have an account yet, tap the "Registration" button.

By default, the server address you need to log into Rendall is «messenger.rendall.im».

If you have a different server address, click on the "Change" button, add it to the server list and tap on the new server.

To sign up in Rendall you need registration code.

If you do not have it, ask the creator of your team for it or become the creator of your team yourself by clicking on the link that is placed under the field for entering the registration code.

If you have a registration code, enter it and click on the round button with the arrow.

After entering the registration code, fill in the "Name" and "Login" fields, following the instructions. After that tap on the round button with the arrow.
